

# *Happy Holidays* *from the* *Tiburon Peninsula Foundation!*

**This year** we participated in fun projects, special partnerships, and collaboration – each one keeping with our mission to enhance the sense of community on our special peninsula. The Tiburon Peninsula Foundation (TPF) thanks you for making this possible!

***New Kid on the Block!*** TPF helped sponsor a new community event, Tiburon ARTWALK, bringing modern vibrancy to our town.

***Peninsula Greening:*** We wholeheartedly supported the community effort to green the medians on Tiburon Boulevard. It looks great!

***Blackie Rides Again!*** TPF introduced a new edition of *Blackie the Horse that Stood Still*. The book is still a huge hit with the youngest generation learning about our celebrated horse for the first time in their young lives.

***No Grant Too Small!*** We introduced our Pocket Grant Program, in which we fund projects up to \$1,000, filling needs in the important corners of our community.

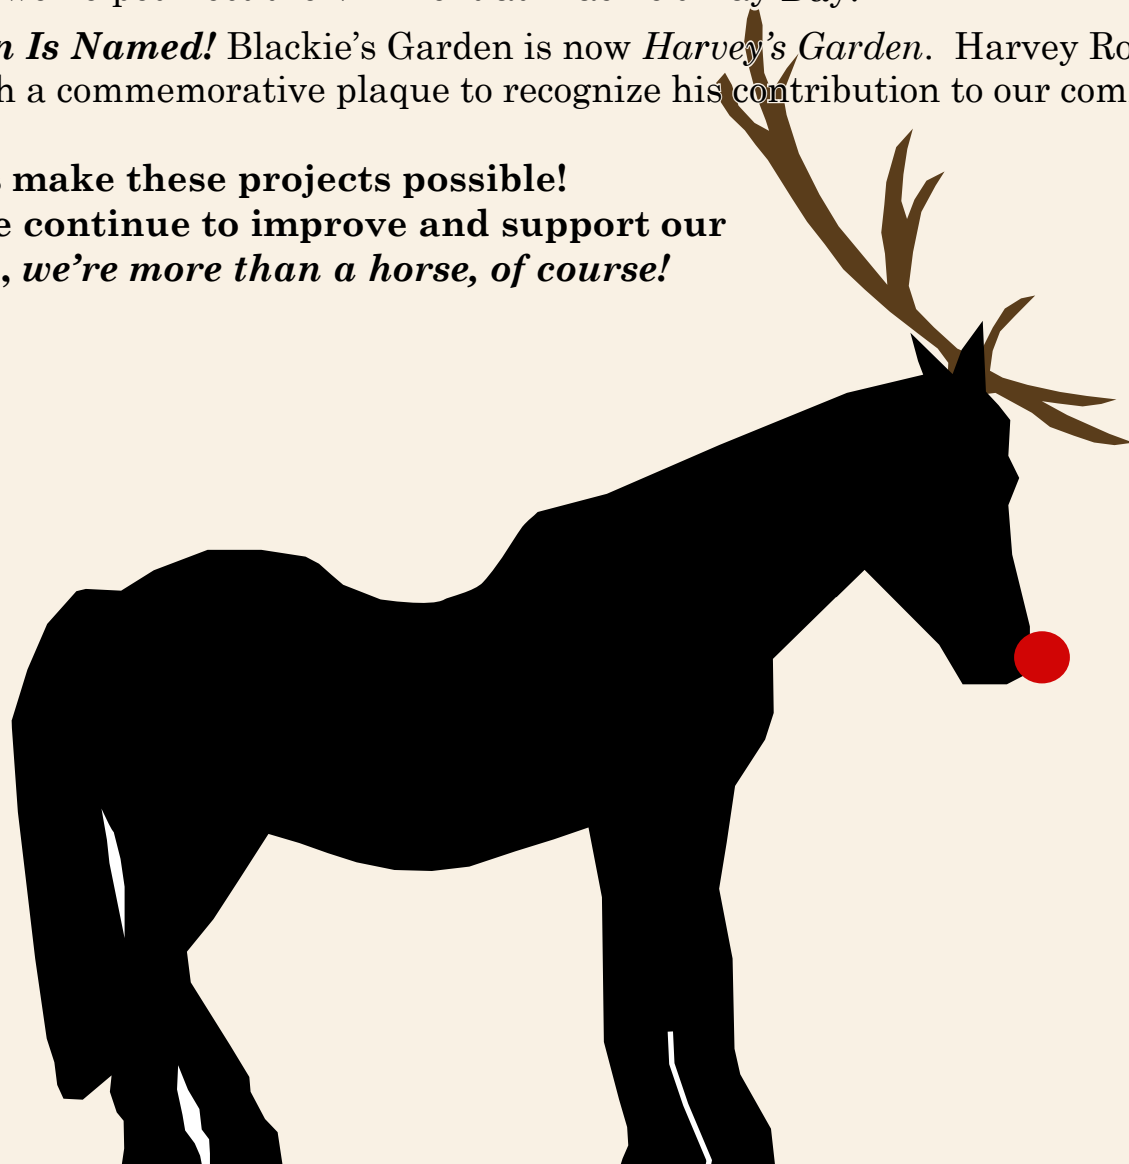

***Trains at the Pasture?*** TPF plans to install two more stops on the Historical Trail with plaques near the Trestle Glen crosswalk to highlight the Miwok Indians and the North Western Pacific Railroad where today's bikers, runners and walkers enjoy the same area.

***Founding Sponsor:*** TPF continues its annual commitment since the Hay Day's beginning. Once again, we helped host the VIP Tent at Blackie's Hay Day!

***The Garden Is Named!*** Blackie's Garden is now *Harvey's Garden*. Harvey Rogers was duly honored with a commemorative plaque to recognize his contribution to our community!

**Your contributions make these projects possible!**  
Please join TPF as we continue to improve and support our community. *After all, we're more than a horse, of course!*

*See you 'round town!*
